Katara,

...  
...

I think I was  
too good.

Even though  
the two were  
lying in a pool of blood,  
right before my eyes,

I just stood there  
wondering...

If that was the  
punishment it was for looks.

I'm looking for  
the grandchild for  
you, Kanoko...

...and for myself.

But someone died.

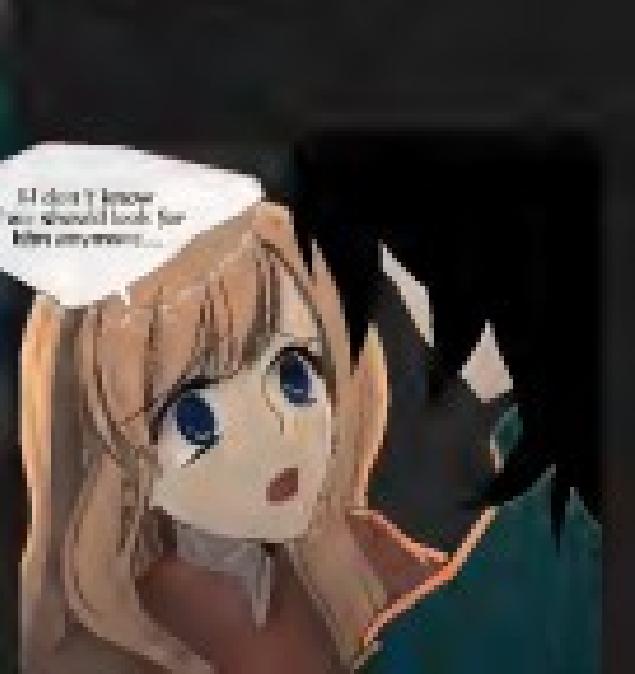

Who is my friend?

What if it was the  
parrot that did it to  
cross his tracks?

What if  
he was killed  
because I thought  
to think him?

Maybe if I  
hadn't given him my  
book this wouldn't  
have happened...

These thoughts  
are constantly  
haunting me.

I don't know  
if my school book for  
him anymore...

I don't have the  
confidence to say that  
the road I'm taking  
is right.

Tell her that she doesn't have  
to search for it anymore.

Just like how the  
Ryukis can affect  
the Dragon.

the Dragon can affect  
the Ryukis, as well.

Just forget about  
something like a  
parasite...

And tell her to stay  
right with you.

Make it so that her eyes are only for you.

You know, that  
you want to fill that small  
kind of hole with all of you

That's why you make her... **Romantic**

to bind her to you

Ryoma.

Lord Hyakkai,  
Lady Ryōma.

Are you free  
all night?

Mammam!

I've asked the employees, but they don't know anything about a blue-rolled lady.

I'm afraid I was kicked out because they said I was too noisy to meditate in their medit...

Karin usually takes good care of these situations, but we couldn't catch her...

The lady...

was wearing a  
strange robe. When  
she came out of the  
room, she was holding  
a long rod wrapped  
in a white cloth

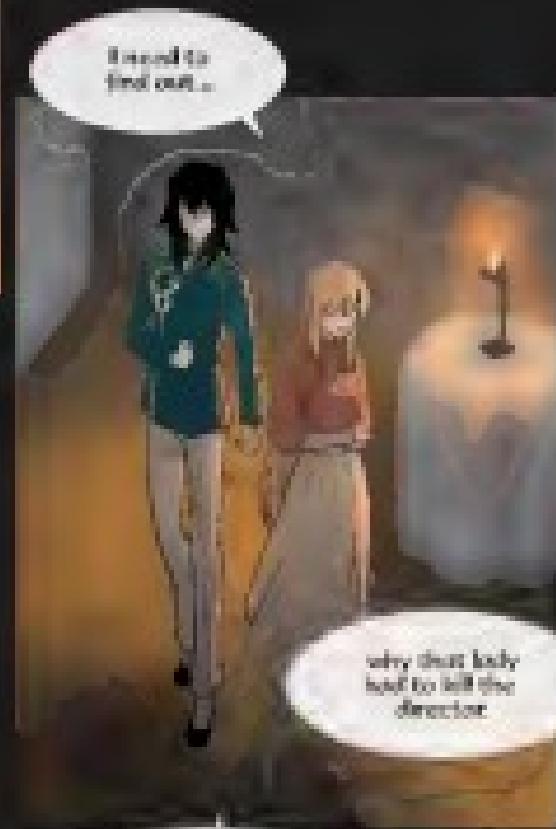

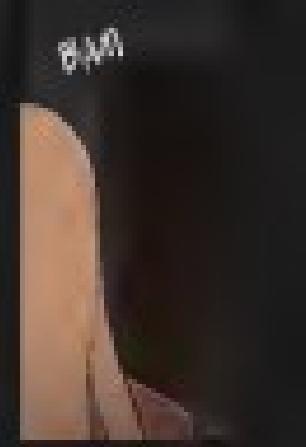

That must've been  
what she came for.

But why...?

Her robe was  
made of high quality  
brocade. It was blue with this  
design, so please look for  
a shop that has it.

"Was it because the  
wife of president died?" Dr. was  
it because she used him to  
negotiate something, if

This is how...

I should be able to keep moving forward...
